

Kids at Heart

Changing the Lives of Children!

- ❖ Kids at Heart is a program of UPLIFT, Urban People Living in Faith and Trust.
- ❖ We are a tutoring and mentoring program providing one-on-one homework assistance and enrichment activities for low-income children of San Diego's inner-city communities.
- ❖ Our tutors are volunteers and include everyone from high school students to senior citizens. During the academic school year, they clock nearly 8,000 volunteer hours of tutors.
- ❖ We operate 10 tutoring sites and serve over 150 children and teens each year. Yearly assessments show that our students are improving in their reading and other core competencies.
- ❖ Do you want to make a lasting difference?? Join the Kids at Heart (KAH) team as a volunteer tutor and help brighten a child's future. One hour each week, tutors work one-on-one with students to improve reading skills, complete homework assignments, and play educational games.

**Kids at Heart serves to reinforce literacy and provide stable adult mentorship.
Call today to become a Kids at Heart tutor!**
