When we began:

Established in San Diego in 1961, Laubach Literacy was founded by Dr. Frank C. Laubach (1884—1970), a prolific writer, speaker, educator, and a pioneer in improving peoples lives through literacy. Dr. Laubach's accomplishments included developing an innovative method for teaching reading and writing. He traveled extensively, bringing his educational techniques and his passion for literacy to over 100 countries worldwide. Laubach Literacy Council of San Diego County is part of ProLiteracy America and ProLiteracy Worldwide, the largest ESL/Literacy organizations in the world.
